### KE BIDDING FOR FARM VOTE; STEVENSON ANSWERS CRITICS

#### SEN. NIXON'S DEFENDED BY GENERAL

Aboard the Eisenhower Special (P)—Gen. Dwight D. Eisenhower defended Sen. Richard M. Nixon of California today as a "Honest man" in the political furor over a disclosure concerning Nixon's non-official California expense account.

James Hagerty, Eisenhower's press secretary, called newsmen aboard the campaign special train together as the train approached Nebraska City to feed them a statement.

Hagerty told newsmen the first opportunity Eisenhower would have to contact Nixon would be when the train reaches Kansas City later today.

He said that some of Eisenhower's top advisors had already been in contact with Nixon but that the general himself had not.

Aboard Eisenhower Special (P)—Disclosure of Sen. Richard Nixon's non-official California expense account cast a pall today over Gen. Dwight D. Eisenhower's campaign train as it rolled south through Nebraska.

Although Eisenhower maintained a grim-faced silence about the revelations involving his vice-presidential running mate, there was no doubt many of the general's associates regarded the matter as a serious political setback.

In California where he is campaigning, Nixon denounced as a "political smear" Mitchell's statement that it was "morally wrong" for the GOP senator to draw on a \$6,000 to \$17,000 expense fund set up by business men in his state.

Dana C. Smith, Pasadena attorney who acted as trustee, said the fund was raised because the \$2,500 expense money allowed senators was not enough for one from a state as large and populous as California. He said no donor had asked Nixon for "special favors."

#### Early Use of New Wings At Warren General Hospital Is Announced at Board Meeting

Announcement of a generous gift from Dr. Elizabeth E. Beaty, to be used for the purchase and installation of new equipment for a laundry to serve the newly reconstructed Warren General Hospital, and that early use will be made of the new hospital wings, came after the regular monthly meeting of the hospital's board of directors, held Thursday.

It was also reported that income received from a bequest made under the will of Alice Beaty Keeler is sufficient to pay for the enlargement of the laundry building so that a new laundry, sufficient to serve the new hospital, will be available because of these generous gifts.

The board appointed a special laundry committee to supervise the necessary construction, purchase and installation of new equipment.

The definite date on which patients will be moved into the new wings will be announced later. The general opening ceremony will be postponed until the entire work is completed in the hospital, but as soon as the two new wings are completed and furniture installed, those interested in the progress of the hospital building program will be able to see the new rooms before patients occupy them.

The days when the new wings can be seen will be announced as soon as possible.

The board received a report in connection with the proposed gift of a patient lift, in memory of Dr. Paul G. Fago, which was welcomed and referred to the instrument committee.

Appointment of members of the active staff of the hospital, for the current fiscal year, were made. The Active Staff consists of doctors appointed by the Hospital Board to take care of charity patients, and such appointments are made after consideration of recommendations by the Staff Committee of the Hospital Board.

#### Fluoridation Opponents Want Time to Air Views

Protest was registered today by representatives of a group of citizens opposing fluoridation of water in Warren to prevent tooth decay in children, because of difficulty they claim they have encountered in securing a satisfactory date for presenting their views over the local radio station in reply to a program that was carried last Sunday.

A spokesman for the opponents explained that they were notified last evening that they could have time at 1:30 Sunday afternoon to carry an opposition program, and when they decided that they would be unable to arrange for such a panel in so short a time they were informed that was the only period available, because of commitments the next few weeks on Sunday afternoons.

Augustus A. Swick, 13 Wetmore street, with whom the negotiations were made, states that the group has in mind securing some out-of-town professional men to appear on the discussion program and it would be impossible to arrange for them to be here Sunday.

It would seem in all fairness to both the opposition and those in favor of fluoridation, that the local radio station should find it possible to adopt some schedule so that the opponents could have time to make arrangements to present their side of the question in the same comprehensive manner as was that of the Pre-School Mother's Club in the panel discussion last week.

#### ADLAI CARRIES CAMPAIGN TO NEW ENGLAND

Springfield, Mass. (P)—Gov. Adlai Stevenson replied today to Republican criticism of his political glibness with a new barrage of quips, taunts, digs and jabs.

He heaped coals of ridicule on the Republicans—but his jokes were designed to prove his basic campaign arguments.

Moving through New England, the Democratic presidential candidate told an audience in a prepared speech at Springfield, that the GOP has not one affirmative campaign issue.

So, he said satirically, they have been hunting one:

"After long, smoke-filled sessions and tense high strategy meetings, the Republican high command has finally decided what the great issue of the campaign is."

"To my considerable surprise, they are now saying that the central issue of our time is humor!"

His GOP presidential opponent, Gen. Dwight D. Eisenhower, recently said a presidential campaign "is no laughing matter," and implied Stevenson is making light of serious matters.

Stevenson said the initials, GOP stand for "Grouchy Old Pessimists."

Sen. Robert A. Taft—who Stevenson claims has forced Eisenhower into an "abject surrender"—is the only happy man in the Republican ranks now, the governor said.

Stevenson's speech here indicated he believes he has stung the Republicans with his incessant derision.

#### SOME MINES MAY CONTINUE TO OPERATE

Washington (P)—Some major commercial coal operators in Central Pennsylvania, Illinois and Indiana today were reported considering bids from John L. Lewis to exempt them from a threatened strike Monday in Northern mines.

Lewis already has arranged with most Western producers to let them continue operating with the understanding they will accept whatever pay boosts and other concessions he eventually may negotiate for the United Mine Workers Union.

The same deal is being held out to mine owners in the three big coal producing states of Indiana, Illinois and Pennsylvania.

The Chicago Tribune said it had learned that some Illinois and Indiana companies already have made agreements with Lewis' union which will exempt them from the strike.

The Pennsylvania group involved in the reports is the Central Pennsylvania Coal Operators Association, which employs about 40,000 miners.

R. T. Laing, an official of the association, told a reporter that he had heard rumors about a strike-exemption bid and had checked the producers in the association.

He said his check turned up no evidence of any separate agreement with Lewis.

Meanwhile, four Pennsylvania mines were shut down by pickets in what might be a possible jumping the gun on the strike deadline. The four mines involved employ about 1,000 workers. Three other Pennsylvania mines were closed over local grievances.

Lewis apparently is trying a two-fold strategy: (1) keep as many mines operating as possible, and (2) narrow down his opposition.

#### Work of Presenting the Green Pennant Program in Borough Schools Is Completed Today

Work of presenting the Green Pennant program in Warren borough schools was completed today when Pvt. Joseph Mastrian, of the state police, visited St. Joseph's school. The program is sponsored and paid for by the Warren Kiwanis and Lions Clubs, and the Elks, Moose, Masons and Sons of Italy lodges, together with Warren City Bus Lines.

Beginning at Lacy and Home Street schools on Monday, the programs continued at South and Seneca schools on Tuesday; McClintock and East street schools on Wednesday; Beaty Junior High School yesterday; and St. Joseph's today.

At each school, Pvt. Mastrian presented an hour's program explaining the accident prevention theme of the work, and presenting a new green pennant to each school. The school is privileged to fly the pennant an accident-free period of 30 days, and for each accident-free month thereafter, will receive a green cross insignia to be attached to the original pennant. In addition, each student gets a green cross lapel button.

During the program, members of service clubs and fraternal organizations have aided in the speaking. They include Paul Yagge, Allen Metzger, C. W. Barwis, Joseph Brown, James Mazzu, Roy Blodgett, David Potter and Lou Critelli.

Following the speaking, Pvt. Mastrian showed two films, both concerned with safety procedure. One, entitled "Let's Play Safe" deals with possible accidents on the playgrounds; and the second, entitled "The Safest Way," is a classroom lesson in selection of the safest path to follow to and from school.

At the conclusion of the school year, all schools which have an accident-free record for the entire term receive a certificate of achievement. Presented for last year's records during the week were certificates to Seneca and McClintock schools, the only two to qualify in the city.

Beginning Monday, Pvt. Mastrian will introduce the program throughout the county, following the same procedure and showing the pictures where electricity is available for it.

To be visited Monday are Pleasant and Starbuck schools on Tuesday; Irvinedale and North Warren; on Wednesday, Kinzua and Lincoln school in Mead township; Thursday, Claridon and Washington school at Tiona; on Friday, Lincoln and Washington schools in Sheffield. All of these schools have a 100% safety record for the 1951-52 term and will receive certificates.

#### COUNTY MEN HURT IN TRUCK ACCIDENT

Two Warren County men received slight injuries late yesterday afternoon when their truck was struck by an auto driven by Milo M. Lent, 31, of Cherry Creek, in Falconer, N. Y.

The driver of the truck, Belman Hitchcock, 20, Rt. 2, Akeley, received a bruised left elbow, and the passenger, Charles Perry, 42, of Sugar Grove, a jarred left shoulder. Both were examined and released by a Falconer physician.

Lent, who acquired a chest injury and cut lip, was charged with breaking the limit speed law and was arraigned before Peace Justice W. G. Erickson this morning.

#### BEZDEK STRICKEN

Atlantic City, N. J. (AP)—Hugo Bezdek, 68-year-old former college football coach and one time manager of the Pittsburgh Pirates, is in fair condition today after suffering a heart attack.

#### Fugitives Identified As New York Robbers

New York (P)—Three convicts who escaped from Lewisburg, Pa., Federal Penitentiary and rampaged through Pennsylvania roadblocks were identified today as the men who held up a Bronx band and escaped with \$12,600 last Tuesday.

The identification was disclosed by U. S. Atty. Myles J. Lane as bench warrants for their arrest were issued by U. S. Commissioner Edward W. McDonald.

The three are Joseph Wayne Nolen, 26, and his 22-year-old brother, Ballard, both of Harlan County, Ky., and Elmer Schuer, 21, of Chicago.

#### Little Progress In Search for Three Prison Fugitives

Philadelphia (P)—The search for three bank robber fugitives from the Federal Penitentiary at Lewisburg, Pa., continued today with a plea to the public to continue reporting to police any clues which might lead to the capture of the trio.

Both FBI and state police daytime patrols have been curtailed somewhat but night patrols of roads in Eastern Pennsylvania, particularly around Allentown, Bethlehem and Scranton have been stepped up by state police.

The FBI and state police both declined to speculate on whether the desperadoes may have left the state.

The fugitives who escaped the penitentiary by scaling a wall last Sept. 10 are Joseph Nolen, 26, and his brother, Ballard, 22 both of Harlan County, Ky., and Elmer Schuer, 21, of Chicago.

**BURNS PROVE FATA**  
Meadville (P)—Burns suffered in a home kerosene explosion proved fatal yesterday to Arthur Tidd, 22. His wife, who rushed him to a hospital, said Tidd was pouring the fuel into a stove when it blew up.

#### Officer Mistakes Wife for Burglar

New York (P)—A policeman shot his 25-year-old wife to death in their dark bedroom early today mistaking her for a burglar who had been seen in their apartment building.

Police gave this account: While Patrolman John Alito, 27 was asleep, his wife, Mary, got up from their bed. When she returned to the bedroom, her husband was awakened by her footsteps.

Believing she was the burglar he seized his service revolver from a drawer of a bureau near the bed and fired two shots at his wife. One of the bullets pierced her brain, killing her instantly.

The Alito's 2-year-old daughter, Patricia, slept soundly in another room.

#### INDUSTRIAL FATALITY

Pittsburgh (P)—A pile of steel fell from a crane at the Homestead Works of U. S. Steel Co. yesterday, killing Dickson Dumbaugh, 47, of Homestead.

#### BLAZING RAID MADE ON PORT OF HUNGNAM

Seoul, Korea (P)—B-29 Superforts today seared Communist targets on Korea's east coast with 300 tons of fire bombs in their first daylight raid in nearly a year.

Thirty-three B-29s from Japan and Okinawa made the blazing attack on Red installations near the port of Hungnam.

Along the battlefield, U. N. soldiers fought grimly to break a new Chinese foothold on Old Baldy Hill in one of four bloody flareups.

Brig. Gen. Wiley D. Gandy, boss of all B-29s in the Far East, personally led the late afternoon strike against Red barracks and stockpiles along North Korea's main coastal railway. The planes used electronic aiming equipment to drop clusters of fused incendiary bombs through the clouds.

Fast Sabre jet interceptors flew cover for the giant bombers.

U. N. fighter-bombers hammered at the Reds in support of ground troops in furious Western Front battles.

An Air Force spokesman said civilians had been forewarned of the raid, the first daylight B-29 strike since a 10-plane blow against the Hungnam factory area last Oct. 28.

Fattest target was the 210-acre supply and rail center of Tongchon, between Hamhung and Hungnam.

The B-29s also blistered the Yon-to military barracks—a 140 building installation—two miles southwest of Hungnam and the Chigyoong supply center and rail yard five miles southwest of Hamhung.

The capacity of the B-29—which made its maiden flight 10 years ago next Sunday—is about forty 500-pound incendiary bombs.

The U. S. Eighth Army said a battalion of screaming Reds—about 800 men—stormed the crest of Old Baldy last night, signaling a long-expected Communist attempt to recapture the Western Front hill.

The hill west of Chorwon changed hands four times in July and was captured Aug. 1 by the U. S. Second Division.

At the same time as their assault on Old Baldy, the Communists staged a diversionary attack on Pork Chop Ridge, a few thousand yards to the west.

#### Cost of Living Reaches New High in August, Report Says

Washington (P)—The government reported today that living costs reached another new high in mid-August, the third straight month they have set a new record.

The index prepared by the Bureau of Labor Statistics rose to 191.1 per cent of the 1935-39 average. This is 12.3 per cent above the pre-Korean period and three per cent above a year ago.

Slight increases between mid-July and mid-August in the cost of food and most other major consumer items were responsible for the new increase. The prices for apparel decreased slightly. Home furnishings remained unchanged.

The "old series" index, a living cost compilation on which many labor contracts are geared, declined one-tenth of a point during the month to 192.3 of the 1935-39 average.

This minor decline, however, was not sufficient to wipe out living cost gains in June and July. On the basis of the new mid-August "old series" figures, about one and a half million workers will get wage increases.

#### G.O.P. CANDIDATES RALLY AT PITTSBURGH

Pittsburgh (P)—Statewide Republican candidates are telling their side of the state and national political story at rallies in two Western Pennsylvania counties today.

Sen. Edward Martin, who blasted the Truman administration in an Allegheny County speech last night speaks before the Beaver County Grange.

Charles Barber, candidate for auditor general, and Judge John C. Arnold, candidate for the State Supreme Court, remain in Allegheny County.

Martin, a candidate for re-election, addressed a GOP women's rally and blamed the Truman administration for "ghastly blunders which plunged us into a war without hope of victory."

#### Security Wraps Are Removed From Fantastic Arctic Base

Thule, Greenland (P)—The United States is building a huge strategic air base in the high arctic wastelands of Greenland, less than 1,000 miles from the North pole and on the polar air routes long-range bombers would use in any future war.

U. S. officials took many of the security wraps off this fantastic project yesterday for a group of U. S. and Danish reporters. Some of the still unfinished airfield in the northwest corner of Danish-ruled Greenland.

From this base, thousands of miles nearer North Europe and Asia than any mainland American base, the U. S. could mount atomic counterattacks on a future enemy that might move against her.

Thule Air Force Base and its installations have been built up in the past 18 months on one of the few sizeable flat areas on Greenland's rocky west coast.

Officials estimate the base will cost \$263,000,000 when completed. Col. Robert W. Humphreys, Thule commander, said 185 millions have been appropriated thus far. Of this, 165 millions will have been spent by the end of the current instruction year.

#### President Mourns Secretary's Death

Washington (P)—White House Press Secretary Joseph Short, 48, died suddenly last night at his home in nearby Alexandria, Va.

No immediate cause of death was given. Mrs. Short, the former Beth Campbell, said she heard him fall upstairs, ran up and found his heart had stopped.

Short, a native of Vicksburg, Miss., had been President Truman's press secretary since Dec. 18, 1950. A newsman since 1925, he succeeded Charles G. Ross, who had collapsed and died at his desk.

The White House said Short became ill last Tuesday night and was hospitalized with a virus infection. He returned home Monday to recuperate.

#### Over 350 Instructors From Warren And Forest County Attend Annual Institute

School students of Warren borough, Warren and Forest counties traded positions with their instructors today, having a vacation from classes while the teachers were attending their annual fall institute in Warren High School.

It was estimated at noon that between 350 and 400 were in attendance for morning sessions, the elementary reading group attracting the greater number, about a dozen to 30 persons participating.

Eugene P. Bertin, who is assistant executive secretary of the Pennsylvania State Education Association and principal speaker this morning, stressed the importance of workshop groups in reaching a solution of common teaching problems.

He urged that teachers bring their problems to the workshop,

#### PLAN LANDING STRIP ALONG THE TURNPIKE

Harrisburg (P)—Plans for extending the Pennsylvania Turnpike another 33 miles from King of Prussia to the Delaware River moved another step toward completion today.

The Turnpike Commission announced sale of 65 million dollars worth of tax-exempt revenue bonds to finance the project running through Montgomery and Bucks counties north of Philadelphia.

The bonds went to a syndicate of investment bankers headed by Drexel and Co., V. J. Van Ingen and Co., Blythe and Co., Inc., and the first Boston Corp.

Construction of the new addition to the present 327 mile toll road is due to start in the fall.

#### SENTENCED IN KILLING

Uniontown (P)—Richard Wright, 25, of Uniontown, today began serving 10 to 20 years in prison for the murder of Georgia William Clark Aug. 4 in a fit of jealousy. Judge W. Russell Carr adjudged Wright guilty of second degree murder yesterday. Wright had pleaded guilty.

Completion of the 42-foot span bridge between Sugar Grove and Lander, which has kept that road closed for the past two months, is being delayed at present by the non-arrival of beams cast in Pittsburgh. While these were to have arrived on Monday of this week, State Highway Supt. Warren Lowe has been advised that they will not be delivered until Oct. 7. The bridge, which spans Stillwater Creek, has a pre-cast, pre-stressed concrete deck. The detour, by way of Abel's Acre, will be continued as the official route although the township roads are used in the meantime by many residents of the area.

Grading of the 1,700 foot stretch of the Chapman Dam road, extending from the end of the present blacktop to the park itself, has been completed and surfacing will start next week. A new floor has been put on the bridge over Elk Run, which will be adequate until next year when it is expected a new bridge will be built.

Mr. Lowe's men have completed a second stretch of about two miles of paving on the West Spring Creek to Kolza road, an additional stretch of just less than two miles having been built last year. In announcing completion of this project, Mr. Lowe said a recommendation has been made that the same type of paving be continued northward from Kolza to Route 6.

The road between West Spring Creek and Kolza, known as the Picadilly Hill road, is the first in this section to be built by use of the soil and cement method which involves mixing cement with gravel.

#### Good Progress Being Made on Jackson Run Road Which May Be Opened Within Two Weeks

With the stone base completed and the bottom course of the road top now being applied, it is believed the Jackson Run road between North Warren and Abel's Acre will be reopened to traffic within two weeks. The road has been closed since early summer.

Three new eye-beam bridges have been completed by the Allegheny Asphalt Company, contractor for the entire job, and the final work on the road is addition of the one-inch wearing surface. Improvement of the road will be continued from Abel's Acre, the former creamery property, to Chandler's Valley as soon as the eastern section is opened. Gravelled along for this work is now being unloaded at Starbrick. The road will be widened from 16 to 20 feet.

Completion of the 42-foot span bridge between Sugar Grove and Lander, which has kept that road closed for the past two months, is being delayed at present by the non-arrival of beams cast in Pittsburgh. While these were to have arrived on Monday of this week, State Highway Supt. Warren Lowe has been advised that they will not be delivered until Oct. 7. #### Potter Co. Murder Case Will Go To Trial in December

Coudersport (P)—A 35-year-old Potter County airport operator will go on trial here in December for the shotgun slaying of Charles P. Van Pelt, 19, a Harvard University student.

Tentatively scheduled for Sept. 22 the trial was set back yesterday by Judge Walter Wells, of Potter County Court, on the request of counsel for Alfred L. Sallade, indicted Monday for murder.

State Sen. James S. Berger (R-Potter) and William E. Young, court-appointed attorneys for Sallade, asked for the continuance on grounds that more time was needed to prepare Sallade's case.

Berger said he also was considering asking Judge Wells to release Sallade on bail.

Sallade also is charged with assault in the wounding of Erwin Bergdoll, a University of Pennsylvania student, who was walking with Van Pelt near the office of Sallade's airport on Sept. 2 when the shooting occurred.

Young Bergdoll is a son of Grover Cleveland Bergdoll, who was World War I.

#### RESTRICTIONS ON APPLIANCES STICK

Harrisburg (P)—Restrictions of the United Natural Gas Co., Oil City, on the sale of gas to new applicants for home and building heating will not be lifted—at least for the time being.

The Public Utility Commission yesterday refused a request by the United Counties Warm Air Heating Association, Sharon, to remove the restrictions for some 77,000 consumers of United Natural Gas.

The association, a group of heat appliance and equipment dealers, maintained that restrictions no longer are necessary. The PUC, however, found that the gas company has insufficient gas to meet space heating demands.

The company furnishes service in Armstrong, Butler, Cameron, Clarion, Clearfield, Crawford, Elk, Forest, Jefferson, McKean, Mercer, Venango and Warren counties.

#### Brookville Man's Request for Release From State Hospital Studied by Judge

Pittsburgh (P)—Federal District Judge William A. Stewart studied the request today of a Brookville farmer for release from Warren State Hospital.

A plea for freedom by 65-year-old Oscar M. Smith is opposed by his estranged wife, Mrs. Beatrice H. Smith of Brookville; R. H. Israel, superintendent of the hospital; Dist. Atty. William Sykes of Jefferson County.

They claimed federal district court has no jurisdiction. They also denied charges of conspiracy brought by Smith.

The suit, filed Aug. 27, on Smith's behalf by his former housekeeper, Grace Talbert, accused the three of conspiring to have Smith committed to the hospital. The petition said the conspiracy was aimed at giving Mrs. Smith control of her husband's 108-acre farm.

Smith was sent to the institution in July, 1950, after he allegedly threatened some highway workers with a shotgun while they were repairing a road near his farm.

Israel said an examination showed Smith is mentally ill.

## Penn'a Grade Crude Ceiling Price Hike Rejected by O. P. S.

Pennsylvania grade crude oil producers yesterday received formal rejection from the Office of Price Stabilization of their plea for a hike in the 4.25 per barrel ceiling price on their petroleum. The ceiling has been the same since December, 1950.

Notification of the rejection came from Price Stabilizer Tighe E. Woods to R. J. Brennan of Bradford, oil producer and chairman of the Pennsylvania Oil Producers Committee.

Mr. Woods said, "From the evidence submitted by you, and from other evidence made available to this office by the Petroleum Administration for Defense, we do not find sufficient cause to amend Ceiling Price Regulation 17. Therefore, your request for an amendment is hereby denied."

"If at any time you are able to furnish additional data which you think would warrant an amendment allowing an increase in the price of Pennsylvania grade crude oil, I shall be happy to review your petition."

## Louis Casses Safe After Evacuation From Wake Island

Relatives in Warren have received word that a former resident, Louis A. Casses, Jr., has been evacuated from typhoon-swept Wake Island and is safe in Honolulu where his wife and two daughters, Linda, aged four, and Kathleen, eight months old, had remained since Mr. Casses went to Wake Island from Honolulu last March.

The former Warren man, son of Louis Casses, Sr., of Washington, D. C., at one time a linotype operator for The Times-Mirror, has been in charge of radio communications for the CAA on Wake. He has been there and in Honolulu for the past six years.

Mrs. Casses, Jr., is the former Myrtle Olney, daughter of the late Mr. and Mrs. Mack Olney.

## Chuck Davis Wins Golf Championship

Chuck Davis re-won his Congowango Valley Country Club golf championship yesterday, when he defeated defending champion Tim Creal, 3 and 1. After the first 18 holes on Tuesday the 1950 champion was 2 up and took the crown from Creal in the final 18 played at the course yesterday.

The new title holder went through the championship fight by beating out Bob Blair in the first round, Larry Amy 3 and 2 in the quarter-finals, and Dick Krapfel, also 3 and 2, in the semi-finals.

Creal, who downed Davis in last year's finals, earned his way to the playoff by staging wins over Dr. Wally Sedwick, Ross Fisher, Jr. by 4 and 2, and Elmer Lundahl, 5 and 3.

# as Co. Plans To ut Down Another ell on Carter Hill

Sorry Journal: The Pennsylvania  
Company, which has been drill-  
ing for gas on Carter Hill for the  
past six years, is ready to put  
down its 11th well.

A spokesman for the PGC said  
the utility has selected a site on  
the Hazen Follett farm for the  
next drilling venture, about 600  
feet southeast of the eighth well.  
Drillers are setting up the rig  
and it is hoped to have the drilling  
bit biting into the earth within  
the next few days.

By continuing to place the new  
wells in a southwesterly direction,  
PGC apparently adheres to the  
previously expressed theory that  
the gas field lies in that direction.  
While plans go ahead for the  
next drilling, work is still contin-  
ing on the 10th and successful  
11th. The PGC official said tests  
still being made and the well  
not ready to be capped off.  
Departing from the usual pro-  
cedure of "shooting" the well with  
charges of nitroglycerine in an at-  
tempt to boost the flow, the utility  
the first time attempted the  
"fracturing" process whereby  
fluid (in this case kerosene) is  
injected into the well in an attempt  
to fracture, or break down the  
rock.

The kerosene is followed by a  
sand solution with the entire  
process intended to loosen the sand  
and bring back the flow of gas.  
Although the process has been  
used to some extent in the west,  
Carter Hill venture was the  
first attempt for the PGC.  
Just how successful the move  
is still not known since the  
well's output was cut back sharply  
in the process was first started  
since then the pressure has  
not been building up gradually and  
it is not known just when the final  
results will be ascertained.  
While no figures were given out  
the utility on the well's output,  
idents living in the vicinity of  
the well assert it is one of the most  
successful of the six producers  
drilled in on the hill.

## Dental Research Professor Comments On Letters Against Fluoridation Here

Two of the first letters appear-  
ing in the Times-Mirror against  
fluoridation were sent by Dr.  
James E. Richards of Warren to  
the School of Dentistry of the  
University of Pittsburgh for com-  
ment. A reply has been received  
from Dr. Gerald J. Cox, Professor  
of Dental Research, School of Den-  
tistry of the University of Pitts-  
burgh.

In describing his study of fluor-  
ine, Dr. Cox says, "Since 1936 I  
have been constantly reading  
fluorine papers dealing with all  
aspects of life. My bibliography  
numbers some 3500 titles, and I  
have read, most of the whole pa-  
pers, not just abstracts. There is  
nothing yet in the literature that  
gives factual evidence against  
fluoridation."

A part of Dr. Cox's long analy-  
sis of the material called to his  
attention is as follows: "In the  
letter of September 8 from 'Citi-  
zen' reference is made to an 18-  
page booklet written by Dr. V. O.  
Hurme, D. M. D., from Forsyth  
Dental Infirmary for Children,  
Boston, Mass. entitled 'An exami-  
nation of the Scientific Basis for  
Fluoridating Populations'. This is  
apparently a reprint of an article  
of the same title appearing in the  
June, 1952, issue of Dental Items  
of Interest."

"This article by Hurme is an ex-  
ample of the substitution of se-  
mantics for science. Every device  
is used to twist the facts of fluor-  
idation."

"The title gives an idea of the  
author—'fluoridating populations'.  
... It is the water that is to be  
fluoridated and the muscles, blood  
and brains of no one are fluoridat-  
ed as Hurme will not say but  
hopes some misguided listener will  
convey to others."

In discussing biologic variations,  
Dr. Cox points out that in Gales-  
burg, Illinois, and "communities  
with populations totaling 3,000,000  
people have been drinking water  
containing .9 parts per million  
fluorine." He says, "Hurme calls  
established facts hypothesis. The  
3,000,000 populations of fluoride  
drinkers in U. S. A. and millions  
of others in the world are evidence  
of no neurologic effects, good or  
bad."

Dr. Cox says Hurme raises the  
cry of "experimentation" and  
comments, "Fluoridation is not ex-  
perimentation. It is the applica-  
tion of known facts. Records are

## Freehold Soon To Join Brokenstraw Valley Jointure

With permission granted by  
Warren county school directors to  
change attendance area, Freehold  
township will become at once a  
member district of the Broken-  
straw Valley Joint School District,  
subject to approval by the Depart-  
ment of Public Instruction in Har-  
risburg. Supervising Principal  
Paul R. Getts will go to Harris-  
burg to arrange the details, it was  
announced yesterday.

Formerly attending Youngsville  
schools, students from Freehold  
township have been at Sugar  
Grove-Farmington joint high  
school for the past two years.  
There are approximately 180 stu-  
dents in grades one through eight,  
and 55 high school students in the  
district.

Those enrolled at Sugar Grove—  
Farmington high school will con-  
tinue on there for this year, at  
least, Mr. Getts said. Grades one  
through eight will attend Lott-  
ville school. When remodeling of  
the joint high school in Youngs-  
ville is completed, all high school  
and junior high school students  
will attend there, leaving grades  
one through six at Lottville.  
It is expected that details of  
remodeling the Youngsville high  
school building will have been  
completed and advertised for bids  
within a year.

steady, has not as yet accelerated  
to its usual volume. He expects  
that antlerless deer licenses will be  
received in his office within the  
next two to three weeks, and that  
sale of minor permits will take a  
spurt at that time. The deer li-  
censes will sell for \$1.15 this year.

### THEFTS SOLVED

Deputy Sheriff Sandy Secor and  
State Police Pvt. William Tim-  
mons yesterday took into custody  
Jack E. Hulings, 22, of Tidoute  
RD, and charged him with bur-  
glary and larceny. Hulings was ar-  
raigned before Justice of the  
Peace Francis Erick, in Irvine,  
where he pleaded guilty and was  
bound over to court. Officers said  
the arrest culminated an investi-  
gation of a series of burglaries in  
camps located in the Bimber Run  
area, near Tidoute, on September  
10. Hulings admitted entering  
three of the camps where he ob-  
tained two portable radios fishing  
equipment and binoculars valued  
at over \$100. He told officers he  
disposed of the articles for about  
\$12 which he used to purchase  
groceries for his family. Hulings,  
a member of the Air Force, is  
home on an extended pass, and is  
due to report back to Seattle,  
Wash., on September 24. He is  
one of 13 children whose father  
left home when the youngest child  
was nine months old, officers said,  
and has contributed only sporadically  
to their support since that  
time.

The cost of insecticides used by

## Clarendon Will Get Behind Scrap Drive To Buy New Truck

The Clarendon Fire Department  
has announced a Scrap Drive and  
Fund Campaign in connection with  
the purchase of the new American  
La France truck. The good friends  
of the Firemen are urged to help  
make this drive a big success by  
hunting up their scrap iron, rags,  
papers and magazines. Men will  
call for this scrap at the homes,  
after work, if notified at the Fire  
House. Telephone 5850-J-12.  
Clarendon hopes to finish the

fund campaign this time. The fund  
has been built up by various en-  
tertainments, suppers, Oil Home  
Weeks, and a scrap drive, also a  
Fund Drive conducted in 1949. This  
does not include the value of the  
present truck.

The enthusiasm and hard work  
of the Fire Department members  
is recognized as a distinct civic  
asset by the citizens of Clarendon,  
which is a sure indication they  
will back this drive to the utmost.

# Hal Boyle Discovers Uncle Sam's Most Slighted Nephew Today Is White Collar Man

By HAL BOYLE

New York (AP)—Uncle Sam's most neglected nephew today is the white collar man.

In the midst of a still booming national prosperity that is either a war or prewar or perhaps the fellow in the frayed white shirt is getting mostly crumbs to eat last.

He is one of the largest classes in America, but who cares what happens to him except himself? He is the forgotten man of politics. A politician may wag his tail to the organized labor vote, sit up to beg for the organized farm vote, or wrap himself in the flag to the organized veterans' vote.

But how long has it been since you remember a statesman rearing up in Congress and announcing: "Well, boys, let's roll out a big ark barrel and help that poor little fellow with the dirty white shirt?" somehow there is no labor in Washington for him, and without a lobby to make noise for him he doesn't get to dip much gravy.

The plumber, the bricklayer, the machinist used to be a renter and a lunchbox carrier. Today he owns his own home, his own car, and lunches in a restaurant whenever the mood seizes him. Who now goes to his job toting a cheese sandwich and an apple in a paper bag? Thousands and thousands of white collar workers. And they go home to a small parlor, bedroom and kitchen.

Who can better afford to take his mausoleum out now and then for a little night clubbing? The guy in the overalls. But after he dolls up for the evening he can't tell him from a millionaire. The office clerk, bookkeeper, or bank teller, however, not only lacks the folding green to pick up a night club tab. He has to stay home so his shirt is still clean enough to wear another day.

A cab driver I rode with the other day summed up the problem of the white collar worker: "I worked in an office for years

and finally got up to \$60 a week. But my wife and I and the kid were starving on that. Then I took to hacking. Now I get fresh air and feel healthier. I can get by on the job with a sports shirt and an old pair of slacks. I work longer hours, but it's a bad week I don't bring home \$85 or better.

"I say to hell with white collar jobs. I'd rather support my wife than a laundry."

**LANDER**

Lander—Mr. and Mrs. Robert Buffington, Pittsburgh, are spending a few days with Mrs. Margaret Day and family.

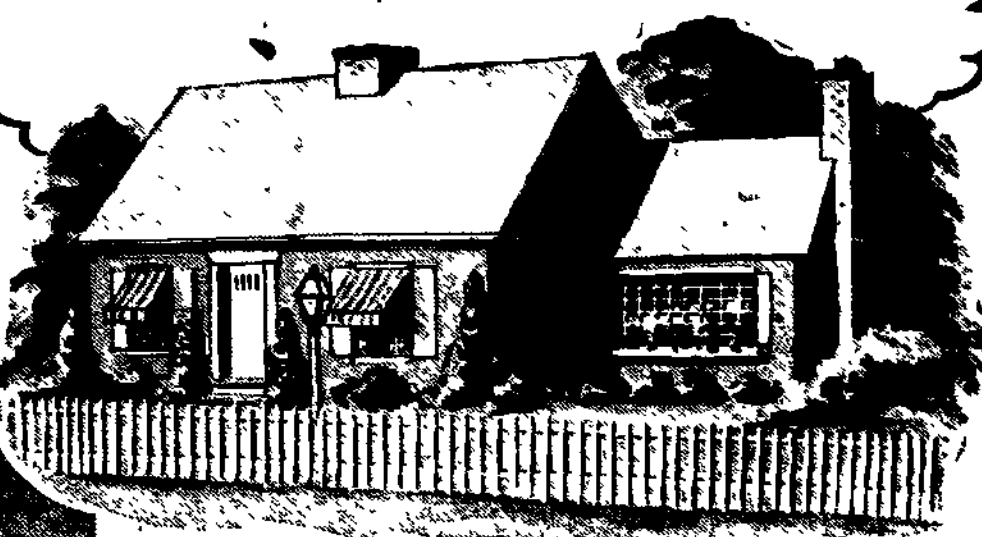

Mr. and Mrs. William Hall, Saginaw, Mich., spent Tuesday with Mae Bishop, Tuesday evening callers were Dorothy Tillotson and Alice Fehlman, Warren.

Frank and Josephine Peterson are spending some time with Mr. and Mrs. Alvin Babcock in Warren, where Mr. Peterson is under a doctor's care for "weed poisoning."

Susan and Becky Webster are staying with their grandparents, Mr. and Mrs. Martin Prettymann, while their mother, Mrs. Willard Webster is in an Erie hospital. She underwent surgery Monday.

## PROVIDE HOME COMFORT

Your family and you spend a great deal of your time at home. The more comfortable it is, the more time you want to spend there.

And remember what makes it more livable also makes it more valuable.

For sound investment we recommend to you such home improvements as: A double garage, a new porch, another bathroom, a better driveway, a new roof, a good landscaping job, a modernized kitchen.

Whatever you decide on, get the cost from your contractor and see us about an improvement loan, the cost of which is only \$5 a year for each \$100 borrowed.

## WESTPORT LANDING

By Homer Hatten

Chapter 26

PAWNEE FORK was almost five hundred miles east of Santa Fe, three hundred miles west of the comfort and security of Westport.

As Clay rode forward toward the spot beside the river where they would camp, he experienced a sense of relief at having the buffalo and Indian country behind him. With luck, there should be no major dangers and disasters between here and Westport.

He turned in his saddle as Lopez came riding up.

"Let us ride on ahead a little, Don Clay," he said softly. "There is something bad I must tell you."

When they were a good quarter of a mile ahead of the others they pulled their mounts down to a trot and moved side by side across the prairie.

Lopez glanced over his shoulder to be sure there was no one within possible earshot.

"This noon I was asleep in the wagon and when I woke up Pedro and Sanchez were outside talking. They did not know I was there. Don Clay," he leaned forward and his voice dropped to a whisper, "they plan to kill you tonight and take the wagon and mules back to Santa Fe. The rest of us, those they do not kill, will be left here on the prairie to fend for ourselves."

Clay straightened in his saddle and his mouth set itself in a grim line of anger. "Just how are they planning to carry out this friendly little scheme of theirs?"

"Only by stealth, at midnight, señor," Lopez said softly. "When you are sleeping beneath the wagon as usual, Sanchez will creep up and stab you. Then Pedro will leap up with his rifle. Any man who resists or tries to help you will be shot. Those who do not will be left here to die in God's good time."

Clay nodded thoughtfully. "It's not a bad scheme," he admitted. "Is anyone else in it?"

Lopez shook his head. "None, I think. It is their plan to leave everyone else here and divide the money only between themselves."

"Have you told anyone else about this?"

"Only myself, Don Clay. The others are good men, but gold can sometimes change a monk into a bandit, too. There are none

I would trust except Miguel, my brother. Of him I am sure."

"That's about the way," had it sized up," Clay agreed. "What Miguel when you can and keep your loaded guns beside you tonight. I'll take care of Sanchez when he comes sliding in, but you and Miguel may have to keep Pedro off my back."

"Would it not be better to shoot both of them now, without warning, and be done with the thing?" Clay shook his head vigorously. "It would be easier but it won't work. There's no evidence except your word against theirs. The other men would begin to wonder if it was just a way of cutting Pedro and Sanchez out of their money. Within two days they'd be sure that was it, and they'd be shooting us in the back to protect themselves against the same treatment. No, Lopez, there's only one way to do it. We'll have to let them go ahead and then nail them just as they go into action."

"Suppose Sanchez kill you?"

"He won't," Clay promised grimly, "but I'm not making any promises about what's going to happen to Sanchez."

SINCE they left the Jornada Clay had formed the habit of spreading his bedroll directly beneath the wagon so that he might better protect its contents. Tonight he took particular note of the fact that Pedro lay down not more than six feet to his right, while Sanchez was about an equal distance away on his left. Lopez lay to Clay's left, perhaps twenty feet away and between Sanchez and the other men, while his brother, Miguel, was on the opposite side of the circle. It placed Clay like a tethered goat between Pedro and Sanchez, but on the other hand it allowed Lopez and Miguel to cut Pedro down with a withering cross fire if it became necessary.

The camp grew quiet as the embers of the fire burned down and the flickering light of the coals gave way to the pale, shadowed glow of moonlight and starshine. Clay lay lengthwise beneath the wagon, his feet toward Sanchez and his head toward Pedro. He had pulled his blanket over his body and his left arm lay across his chest, the upper right-hand corner of the blanket tight in his fingers. His right arm,

straight at his side, was concealed beneath the blanket, and also hidden beneath the blanket was the heavy-headed hand ax that was grasped in his right hand.

Five minutes passed... ten minutes... and then there was the faintest possible whisper of sound from the spot when Sanchez lay. Clay opened his eyes the nearest fraction of an inch and saw that Sanchez had stealthily lifted himself upon his elbows and was cautiously surveying the sleeping camp. As Clay watched, Sanchez brought his eyes around to Clay's face and lay motionless, studying the position of Clay's body.

Sanchez moved slowly forward, inching himself along on his elbows and knees as silently as a soft breeze moving soundlessly over the prairie. The long blade of a naked knife glittered in his hand, and Clay saw that he was going to have to creep well up on his right side before he would be close enough to use the blade he carried. He lay quietly, watching Sanchez approach, measuring the distance between them as he tightened his grip on the rough handle of the hand ax.

Suddenly he became aware that Sanchez body had reared up from the ground like a striking snake and the gleaming knife blade glinted like white fire in the moonlight as it poised momentarily at the top of its stroke before it leaped forward in a savage downward arc.

Clay jerked his body to a sitting position so that he faced Sanchez squarely and his left arm straightened and swept forward, shrouding the startled Sanchez's head and shoulders in the folds of the blanket. In the same instant the hand ax rose and fell and he felt it bite into Sanchez's neck as it crushed its way through flesh and muscle and bone.

He felt Sanchez's body collapse across his knees and in the same instant a pistol flashed fire well to his left and he heard Pedro's gasp as Lopez's bullet struck home. He fought his way free of the entangling blanket and scrambled to his feet. In the dim light he could see Pedro writhing on the ground and Lopez on his feet, a smoking pistol in his hand, while Miguel stood a dozen feet away, holding a rifle.

Chapter 27

THE other men were scrambling out of their blankets in wild alarm, fumbling for their guns and prepared to defend themselves from the Indian attack they felt sure had burst upon them.

Clay stepped forward into the patch of moonlight that lay in the center of the camp and raised his arm for their attention.

"It's all right, amigos," he shouted. "There is no attack. It was only a pair of coyotes who came to kill and rob."

He pointed to the prostrate Pedro, who lay moaning at his feet.

"Here is one," he cried, "and the other is safe enough under the wagon."

Clay reached back under the wagon and jerked Sanchez forward, but protruded from beneath the blanket in the flickering light of the lantern he was a ghastly sight, his eyes wide and staring in death above lips drawn back in a devil's grin. Clay jerked the blanket aside and the knife clattered on the ground, strangely harmless and impersonal now that its owner lay dead.

"What happened?" demanded Antonio, one of the two tall Garcia brothers.

There was sharp suspicion in his face, and Clay saw the same look reflected in the eyes of the other men gathered around him.

"It was a plan to steal the money," he said steadily, facing their doubtful, strange, foreign faces. "This one," he touched Sanchez contemptuously with his foot, "was to stab me while I was asleep, while his partner, Pedro, held the rest of you back with a gun."

"Their eyes questioned each other doubtfully before they returned to Clay.

"And you knew this, señor?" one of them asked.

Clay nodded. "I knew it, Lopez knew it, Miguel knew it," he insisted firmly. "Lopez overheard them planning it and told me about it. We decided to let them go ahead so you could see it for yourselves."

"And the rest of the plan?"

## Landmark In History

1814 The WHITE HOUSE, Washington, D. C.

AP Newsfeatures

THIS EDIFICE, officially called the President's Palace, was commenced in 1792, but, when John Adams and his wife, Abigail, moved in, in 1800, it was unfinished and the grounds, swampland. During Jefferson's occupancy, his interest in architecture and gardening led to improvements in both interior and grounds. Next, came Madison and the War of 1812, during which, in 1814, the British burned the mansion, Dolly Madison, however, escaping with her pet macaw and the famous portrait of George Washington by Stuart. By 1817, a new building had been completed, under the supervision of James Hoban (the architect of the original). It was called the Executive Mansion and later the White House. Due to hard usage, through the years, it has been found necessary, for safety's sake, to thoroughly reconstruct the interior, taking every precaution to eventually restore the historic edifice to its original magnificent appearance.

### HITCH-HIKER ROBBED

Titusville Herald: State Police from the Franklin barracks and Titusville police are searching for two men and a girl who are believed to have beaten and robbed a man of \$154 near Rousseville Thursday night after offering him a ride from here to Oil City. The man, Floyd Nuffer of Parkersburg, W. Va., had been staying at a Titusville hotel. He told State Police he had been in several taverns here with the two men and the girl, and they offered to drive him to Oil City. Mr. Nuffer said about four miles from Rousseville, they drove up a dirt road. The trio knocked him out and stole the \$154 and his luggage. He was lying against a tree when he came to in the early morning. He walked to Rousseville and called the State Police about 4 a. m. Wednesday. The scene of the alleged attack and robbery is being checked.

Officers of the group this year are: Chairman, Mrs. Joseph Krimmel; co-chairman, Mrs. Robert Johnson; secretary-treasurer, Mrs. Robert Moll; corresponding secretary, Mrs. Clarence Hildum. The 20 persons present included one new member. The circle voted to hold future meetings on the third Monday of each month and, after a discussion of projects, it was decided members should bring to the next meeting used clothing to be sent to Puerto Ricans in New York City. To conclude, lunch was served by the hostesses. An interesting sewing project was planned for the next meeting, which will be held at the home of Mrs. Myra Strickland, North Warren, on October 20.

### IRVINGDALE PTA BEGINS NEW SEASON

The first fall meeting of Irvingdale PTA was conducted by the new president, Mrs. Gerald Wallin, with Mrs. George Johnson having devotions on the topic "A Child in the Midst"; Carol Sorenson singing "Back of the Clouds," and all joining in The Lord's Prayer and Salute to the Flag.

Mrs. Wallin welcomed members old and new, and a roll call of new members was taken. Routine reports were given by Mrs. George Johnson and Mrs. Rafter. A project for the year was discussed and it was voted to continue purchase of books for the school library and repair of those already bought. It was also decided to send officers, with expenses paid, to the School of Instruction to be held next week in First Presbyterian church. The room award went to Mrs. Norris for the largest attendance at the meeting.

The program was turned over to Mrs. Hunter and parents were invited to visit their child's teacher to get acquainted. Concluding, refreshments were served by the officers.

### Lacy School Social Is Very Successful

In spite of the inclement weather, the ice cream social held last night at Lacy school was a huge success. Approximately 1,200 tickets were sold by the pupils and a number more at the door.

Patrons were served by sixth grade girls who waited on the tables under the supervision of Lacy School teachers. Tables were redecorated with flower centerpieces and many children were served in the school auditorium.

Miss Alice Anderson, principal, was presented a corsage by the PTA and, with Mrs. Edward A. Flick, chairman of the social, and PTA president, Mrs. John Trauffer, wishes to thank all those who helped in any way to insure the success of the affair. More than 150 cakes were donated.

Children receiving free tickets for selling 20 or more tickets were Kelley McCool, Joyce Clark, Diane Hagerman, Janice Larson, Ronald Muscio, Shirley Brooks, Yvonne Lath, Judy Taylor, Connie Sutton, Kay Jenkins, James Jacobs.

### LEGION AUXILIARY

Ludlow—The American Legion Auxiliary of the James Uber Post resumed its regular sessions with a fine gathering in the Legion Hall. Mrs. Enoch Nelson presided with Mrs. M. I. Jones and Mrs. Melvin McCleary hostesses for the evening.

Various reports were given by service chairman and committee chairmen. Mrs. Harriet Peterson reported over \$200 earned for the Building Fund during the summer. Orphan education, music and National Gold Star Mothers' Day were emphasized in the program given by Mrs. Lawrence Larson, Mrs. Ann Misulich and Mrs. Ellen McArthur, with the group participating in the music. Coffee was served in the late evening at an attractively decorated table.

### LUDLOW GIRL SCOUTS RESUME ACTIVITIES

Ludlow — Intermediate Girl Scouts opened their fall program with a hike to Scoutdale, accompanied by their new assistant leader, Betty Nyström.

Mrs. Charles Feltzack will act as leader and scheduled the opening meeting Tuesday evening in the Legion Hall. Mrs. Enoch Nelson, program chairman, opened the session and officers were elected: Mickey Servidio, patrol leader of A group, with Geraldine Nyström as her assistant; Cathleen Burns, leader for B Patrol, assisted by Sally Markey; Emily Johnson, song leader; Karen Markey, color bearer.

The girls have worked hard in the past year, earning many badges and awards which will be presented at a later meeting, when all committee women and mothers will be invited. Ten girls attended the first session, with a number of others unable to be present.

### Fluoridation Given Auxiliary Approval

Holding its regular meeting at the YWCA activities building, the Warren County Medical Auxiliary voted to write a letter to borough council favoring adoption of the proposed fluoridation program.

For the program, Mrs. T. K. Larson, chairman, presented Dr. Mehmet Akaydin, of Kaseri, Turkey, who is presently a resident physician at the Warren State Hospital. Dr. Akaydin spoke very interestingly of the history, geography, economics and customs of his homeland, and answered many questions from the audience.

Following the program, Mrs. J. R. Sugerman, president, conducted the business session. At its conclusion, members enjoyed a delicious dinner arranged by the committee headed by Mrs. J. T. Valone and including Mrs. H. H. Lewis, Mrs. J. Fino and Mrs. M. T. Smith.

### SATURDAY DEADLINE FOR LADIES' DINNER

A gala birthday dinner has been planned as the closing activity for the women golfers of the Conewango Valley Country Club, with serving at 6:30 p. m. Tuesday, September 23.

Saturday noon is the deadline for making reservations, the ladies are reminded, and each should state her birthday with the dinner reservation. Each one will wear to the party a corsage symbolic of her birth month, and a prize will be awarded the most original in each month.

For the golfers, there will be five holes of play, with tee-off time set at 2:30 p. m.

### NANCY WHIPPLE BACK FROM EUROPE

Nancy Whipple, daughter of Superintendent of Schools and Mrs. Carl E. Whipple, 28 Franklin street, has returned from her European travels just in time to spend a few days at home before leaving Sunday for Strong Memorial Hospital in Rochester, N. Y., where her classes will resume on Monday.

Miss Whipple, in company with Lois Blanchard, of Elmira, N. Y., left New York on July 5 and returned September 13, traveling both ways on the SS Waterman, as part of the National Student Association travel program. Three weeks of their time was spent at a work camp near Hannover, Germany; the remainder, in travel through The Netherlands, Denmark, France and Switzerland. One incident of the trip was a visit in France to the grave of an uncle who was killed in World War II.

### Many Lonely Intellectuals Overlook Nearby Friendships

WRITES a California correspondent: "Do you know how a middle-aged woman, suffering under the curse of a mature mind, can meet people of her own kind?"

This letter is not meant to be snobbish; the women of my neighborhood have hearts of gold, but their mental outlook does not go beyond light TV programs, the progress of their gardens and the success of last night's dinner.

"I have tried going to church but I have found that big city churches are not friendly. One might as well stand in the foyer of a theatre lobby and expect a friendly greeting."

"Surely in a city of this size there are lonely people who hanker for some intellectual companionship. A mental hunger can be (and is) as devastating as a physical hunger."

There are many people searching, as this woman is, for some kind of intellectual companionship. I know there are, for they frequently write to this column. Both men and women.

### MOST BUILD THEIR OWN LONELY FEDESTALS

BUT most of them are handicapped by several wrong attitudes. One is in turning up their noses at those they feel are their intellectual inferiors. It is often possible to learn more from those whose interests and attitudes are entirely different from your own, than by companionship exclusively with people of your own type.

Some of those women whose conversation centers on their gardens might teach the lonely woman who wrote the above letter, about the joy to be found in making things grow.

Some of the women who seem mainly interested in the success of last night's dinner might open her eyes to the creative fun to be had in really superb cooking. And so on.

If it is only mental stimulation that a person can't, at the moment, seem to find in friends, it can be found elsewhere in books, in planned study, in night courses offered in most cities.

Meanwhile, it is wise to cultivate the friendships that are offered and to be willing to share the interests of others instead of always expecting them to share one's own enthusiasms.

## Interesting Study About Cigarettes

Liggett & Myers, the first tobacco company to offer smokers a premium quality cigarette, Chesterfield, in both regular and king size, scored another first Thursday with the release of a report by a responsible consulting organization which reveals that the nose, ears, throat and accessory organs are not adversely affected by Chesterfields. This report, the first of its kind ever published about a cigarette, gives the findings of a continuing study by a competent medical specialist and his staff.

The report states that early this year a group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day (45% of the group have smoked Chesterfields continually from one to thirty years—for an average of 10 years each). At the beginning and at the end of the six months period each smoker was given a thorough examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six months period by smoking the cigarettes provided."—Chesterfields.

This vital report about Chesterfield follows by only three months Liggett & Myers' unprecedented move in offering the first premium quality cigarette, Chesterfield, in both regular and king size.

According to published statements in newspapers and magazines all over the country, regular Chesterfields, as well as king-size, are enjoying phenomenal public acceptance.

## LETTERS TO EDITOR

September 18, 1952  
Letter to Editor:  
Concerning fluorides:  
What is the difference between organic and inorganic fluoride?  
What would be the toxic reaction of the inorganic sodium fluoride (that which they want to put in the local water system) on the human body other than preventing dental caries?  
How will fluoridated water react on any person, after a period of time such as five years, more or less, suffering from a diabetic condition, asthmatic condition, anemia or heart trouble?  
A Concerned Mother.

September 18, 1952  
Dear Sir:  
I would like to call your attention to a section of an editorial from Lancaster, Pa., New Era for August 12, 1952:  
"Lancaster is about to join the list of cities which will use fluoride. Water Superintendent Abraham said yesterday that, acting on instruction from Council, he will shortly confer with state health officials and then proceed with the installation of equipment to do the job."  
There was some scattered opposition here when the proposal first reached Council, although it had the active support of local dental groups, and the medical profession. Results of the tests in New York state and other cities should convince the objectors that here is a safe and simple way to safeguard the teeth of our children; hence well worth doing.  
A Mother Concerned About Dental Health of all Children.

### JOHN ZAWACKI

John Zawacki, aged 62, for many years a well known farmer on York Hill, died early today at the home of a daughter, Mrs. Robert Sanders, Corry RD 3, where he had been critically ill for the past week.

Mr. Zawacki was born in Poland, Feb. 13, 1890, where he lived until 1911 when he migrated to America and worked for the Edward Budd Company in Philadelphia until 1921 when he settled in Warren county and owned and operated a farm on York Hill until illness forced his retirement in 1950. Since that time he had resided with his daughter.

The deceased is survived by his widow, Nellie D. Zawacki of Corry RD 3; by two daughters, Mrs. Saunders, at whose home he died, and Mrs. Nick Nosel of Warren; by two sons, Frank W. Zawacki of Irvine, and Edward J. Zawacki of Warren. There are eight grandchildren.

Friends may call at the Sanders home, Corry RD 3, after noon on Saturday. The Rosary will be recited there at 8 p. m. Sunday and funeral services will be held at 10 a. m. Monday, at St. Luke's church, Irvine. Commitment will be in St. Joseph's cemetery.

### IN MEMORIAM

In memory of our dear daughter and sister, "Gretta" Valjean Grubbs, who passed away 7 years ago, Sept. 20th, 1945.  
This date recalls sad memories. Seems twice as long to us  
Only God knows how much we miss you,  
You meant so much to us.  
Though your smile is gone forever  
And your face we cannot touch,  
We still have sweet memories  
Of you we loved so much.  
Sadly missed by mother and father, Mr. and Mrs. Sherman Grubbs and brother Richard. 9-18-15

### CARD OF THANKS

We wish to extend our sincere thanks to relatives, friends and neighbors for their many acts of kindness, for the beautiful flowers, and use of cars during our recent bereavement in the death of our husband and son, Robert Bush.

### METER COLLECTIONS

City parking meters yielded \$476.66 in yesterday's weekly collection by police. The take has been under the \$500 mark for some weeks, indicating that the peak of summer traffic has been passed.

### LOAD SPILLED

A load of metal was spilled from a truck on Pennsylvania avenue, west, near Walnut street last evening. Owner of the truck is not known, and no report has been made to police. The load consisted of small metal parts which were strewn over an area between the curb and sidewalk on the south side of the street.

### WE BEG YOUR PARDON

In justice to the lad who had the misfortune to accidentally damage the sign at the Federal Store, Pennsylvania avenue, West, Wednesday evening, it should be stated that it was not necessary for the police to round him up. The incident was reported voluntarily and the father upon learning about it immediately announced that the matter would be taken care of to the satisfaction of the store manager.

### VICTORY DANCE

Warren Youth Canteen members completing plans this morning for the Victory Dance to follow the Warren-Franklin game on Saturday, engaged the music of Deacon Dave's Society Seven for the event. Dancing at The Spot, in the YMCA annex, will be from 8:30 until 11:30 and all young people of the community are urged to be on hand. Admission for those holding Canteen memberships will be 25 cents, non-members, 35, in order to provide the band funds.

### DREDGING COMPLETED

Work of dredging the bed of Brokenstraw Creek along the northern edge of the Rouse farm property is expected to be completed this week, county commissioners said today. A large tree, which had floated downstream and caught on the tip of an island in midstream, was responsible for building up a gravel bar which changed the current so some of the farm land was being eroded. The tree, the bar, and part of the island have been removed in the project. The next project to be started on the farm property is construction of a quarter-acre pond about 1500 feet southeast of the new barn.

### OLD PICTURE

Ray Eckardt, the town's most avid collector of old pictures, has one which is puzzling viewers. It is a panorama of Warren boro, measuring 42 inches long, taken by Baird and Company, and snapped from the vicinity of what is now Washington Park. It shows a flood scene. At the time the scene was taken, the covered railroad bridge near the station still was in use. The fair grounds on the south side are clearly visible. There was no high school building, no brewery on the south side, no Smith-Horton Company, no Penn Furnace and Iron Company. Where the Penn Furnace and Iron Company now stands is a building used for the manufacture of "Truth" soap. Does anyone know what year the picture was taken?

## Charter Presented To Cub Pack Four

The first fall meeting of Cub Pack 4 was held at South street school Wednesday evening, when E. R. Sanford, Scout executive, presented the new charter to the PTA vice president, Mrs. Wayne Miller, who, in turn, passed it on to Wayne Miller, the new Cubmaster.

Opening ceremonies, consisting of the Salute to the Flag and Lord's Prayer, were conducted by Den 3.

Following his presentation, Mr. Sanford commended the pack for its accomplishments and made awards. He also explained the procedure for Cubs who are ready to enter Scouting.

Floyd Conklin presented cards to the new committeemen for the year: Chairman, Joseph Krimmel; Cubmaster, Wayne Miller; assistant, Edward Engman; treasurer, Lawrence Anderson; secretary, Victor J. Erindis; program chairman, James P. Greenlund; assistant, Howard Clark.

Wayne Miller presented pins to the following Den Mothers and introduced their respective Den Chiefs: Mrs. Cletis Brady, Bruce Giunta, Den 1; Mrs. Wayne Miller and Don Brian, Den 2; Mrs. Harry Wooster and Philip Cerra, Den 3; Mrs. William Smith and Tom Cooper (absent), Den 4; Mrs. James Frantz and David Watt, Den 5.

The Cubmaster presented Fred Gelotte his Bobcat pin and John Wooster a Silver Arrow award.

Following routine reports, two movies pertaining to forest preservation were shown and the meeting closed with all singing "The Star Spangled Banner." Den 1 won the attendance banner.

Mothers of Pack 4 were reminded the meeting night hereafter will be on the second Wednesday of each month; also that on September 27 the Pack will sponsor a bazaar sale at the J. C. Penney Company store. Anyone wishing to donate to the sale or help in any way is asked to call 187-J.

## FARM NOTES

### LISTS FIVE WAYS FOR INCREASING LAMB CROP

Five suggestions on better fall breeding practices for increasing next spring's lamb crop are offered by County Agent, O. C. Tritt.

1. Buy a good ram, if one is needed for the flock.
2. Flushing. If the ewes are in run-down condition, turn them on fresh pasture or feed some grain for a few weeks before the breeding season.
3. Tagging. Remove the tags or dunglocks about the dock.
4. Check on ram. Know whether the ewes are getting bred. Mark the breast of the ram every day with a thick paste of ochre and lubricating oil, and change the color every 16 days.
5. If the weather is hot during the breeding season, shear the ram to keep him cooler and more vigorous.

Producers choose their breeding season to have their lambs arrive on a schedule that suits their facilities, labor situation, and market conditions.

For ewe flock replacements, owners of profitable flocks select early-maturing lambs of ewes that are good lamb raisers. These breed more readily than the culls. They keep the best stock for building up the flock.

Thirty to 40 ewes are regarded as the right number for a one-man flock. The county agent shares and observation by sheep men that smaller flocks often are neglected with the result the owners lose money and soon go out of the sheep business.

In 1793, the institution of slavery in the United States seemed to be on the wane, but the invention of the cotton gin in that year changed the whole picture and cotton growing, which used large numbers of slaves, was the means of extending slavery and increasing the number of slaves.

When writing, author Leigh Hunt always dressed in a loose-flowing printed nightgown.

## AROUND THE WORLD

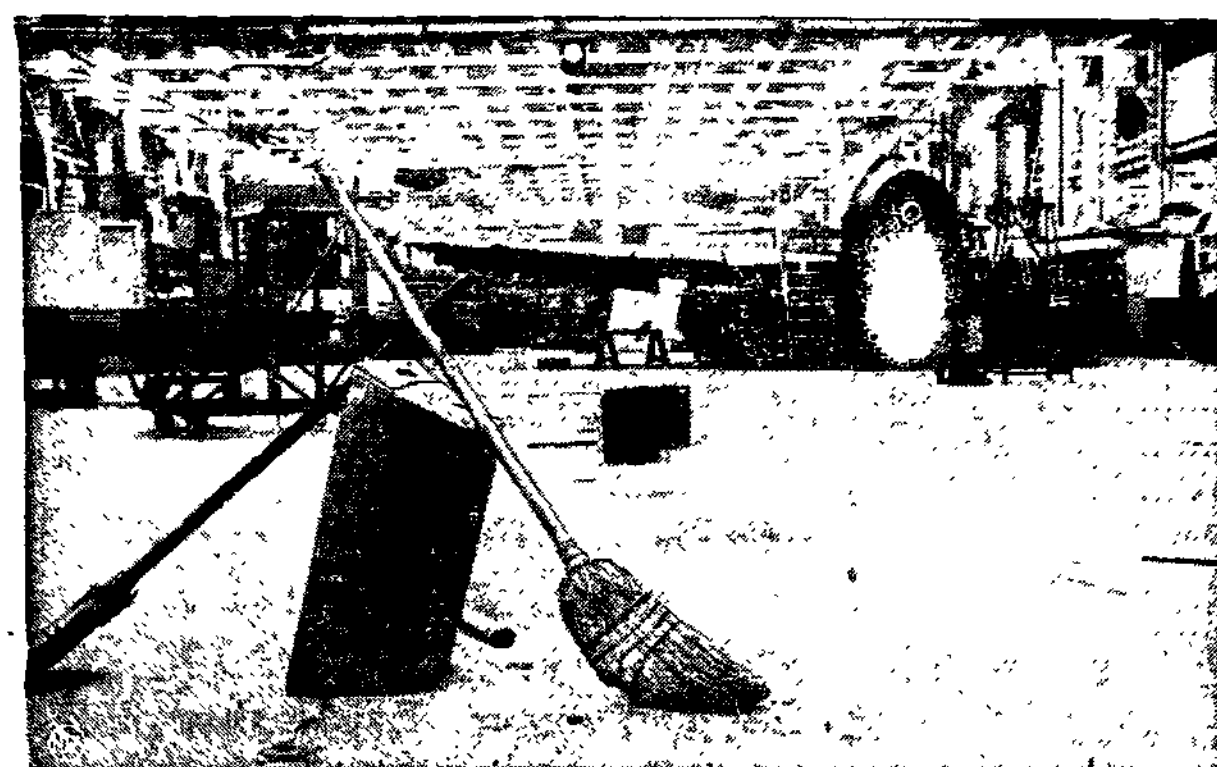

**TRAIN SMASHES LOADED SCHOOL BUS**—Parents and students inspect damage to a school bus which was hit by a train, left, in Collinsburg, Pa. Three junior high school students were killed and 44 others were injured. The chassis and motor sections of the bus are at right, and the body, ripped off the frame, is in the rear.

**FBI CRACKS DOWN**—Five of six persons arrested by the FBI stand together in Detroit as they await questioning in connection with Communist activities. The six were arrested in a Midwest-West Coast crack-down on alleged "third-string" Communists. In custody are Mrs. Carl Winter, left, wife of one of the nation's top 11 alleged Communists; Saul Wellman, second from left, former national party coordinator; Thomas DeWitt Dennis, Jr., center, state organizational secretary for the Communists; Philip Schatz, organizational secretary of the Ford section of the Michigan Communist party, second from right, and Billy Allan, Detroit correspondent for the "Daily Worker."

**JUST A "BABY"**—The earth's newest active volcano, located on uninhabited San Benedicto island, 780 miles south of San Diego, Calif., blows off smoke and fire during an eruption. Scientists reported the cone of volcano has risen to a height of 1050 feet in six weeks. It is erupting every twenty minutes and sending up smoke and ashes with a strong sulphur odor which indicates it is in the latter stages of the initial eruption.

**NOTHING TO CLEAN UP**—Brooms lean against empty rubbish basket in the Douglas Aircraft plant in El Segundo, Calif., as the plant's 15,000 workers remain idle during a strike. They walked off their jobs when contract negotiations between union and company over wage increases failed.

**PONDERING**—Dwight D. Eisenhower seems to be wondering if the GOP elephant in the background can give him a tip on how the election will turn out. Actually, the Republican presidential candidate was attentively listening to Sen. Richard Nixon, his running mate, give a talk in Washington.

**BARBER'S DESPAIR**—Sgt. Robert Procot, of Algier, French North Africa, sports the finest beard of all the men in the French Battalion in Korea. The luxuriant growth saves him many minutes otherwise wasted shaving, and helps him present a fierce face to the enemy.

**MUM**—Hussein Makki, strong man of Iran's oil nationalization program, seems to have his lips sealed as he meets reporters' questions in Paris, en route to the U. S. While in Germany, he said, he made contacts for hiring 370 oil technicians.

**BANSHEE CHASES A "DEMON"**—Striking through the clouds, the McDonnell single-jet, swept-wing, carrier-based XF3H-1, designed for the Navy, is chased by a F2H-2 Banshee, which is making a camera record of flight performance of the experimental plane. The Banshee belongs in the 600-miles-per-hour class, but data on the Demon are not yet released.

**ROAD CLOSED**—Strikers at the Douglas Aircraft plant in El Segundo, Calif., show mixed feelings as they push back the car of a non-striker from the plant's entrance. An estimated 13,000 aircraft workers walked off their jobs at the plant when contract negotiations broke down. Employees of another Douglas plant at Santa Monica, Calif., accepted the company's offer and stayed on the job.

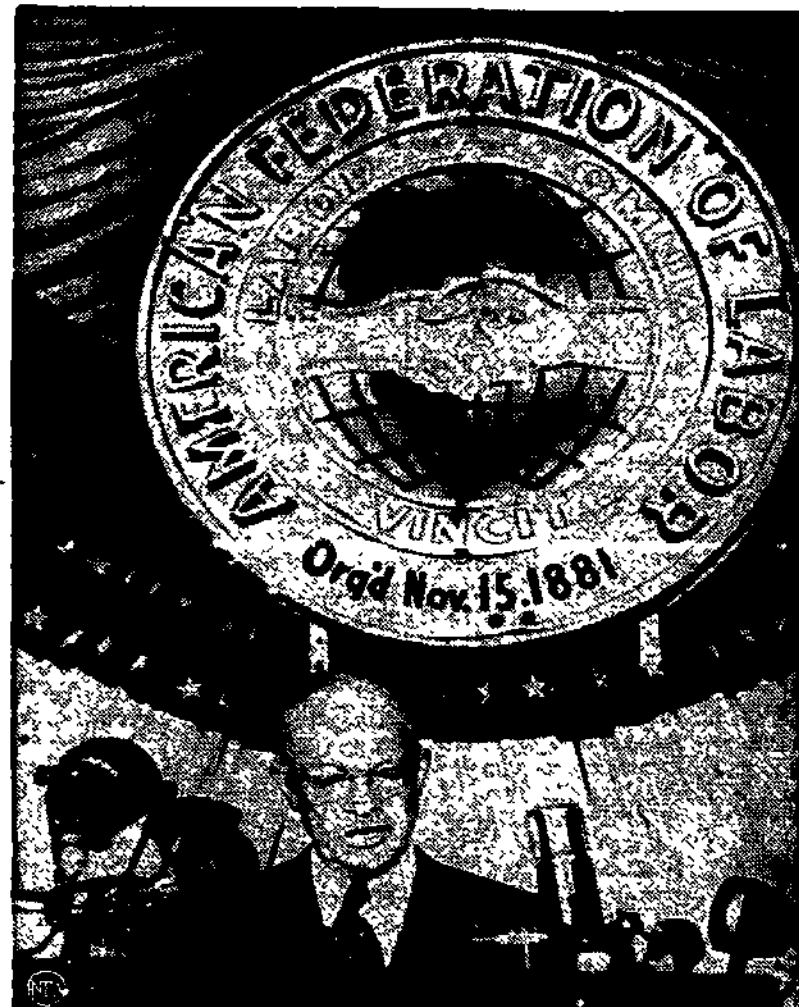

**DADS DIFFER, THEY DON'T**—The political differences of their fathers don't seem to bother Dorothy Warren, daughter of California's Republican Gov. Earl Warren, and Borden Stevenson, son of Illinois Gov. Adlai Stevenson, as they dine at a Hollywood, Calif., nightclub, during Governor Stevenson's campaign tour.

**FUTURE FLIERS** have just been exchanged by the United States, Canada and Britain. **ME?—I'M FAMOUS?**—"Paul," pet mongoose who belongs to Anthony Sheridan, 13, of Elstree, England, can't quite believe he's famous, and Anthony is a little in awe of his pet from Calcutta, India. Paul is the father of the first mongoose to be born in captivity in England, and survive. "Titch," Paul's mate, refused to come out and be photographed. Previous efforts to breed the little snake-killing animals in captivity have failed.

**CALLS FOR T-H MODIFICATION**—Addressing the 71st annual convention of the American Federation of Labor in New York, Dwight Eisenhower calls for a modification of the Taft-Hartley labor law. He did not ask for repeal of the law which is what AFL President William Green said the labor unions desire.

**NEW RUSSIAN UN DELEGATE**—The Soviet Union's new chief delegate to the United Nations, Deputy Foreign Minister Valerian Zorin, right, is greeted on his arrival in New York by his predecessor, Jacob Malik, aboard the Queen Elizabeth. Also on board the ship was the new Russian Ambassador to the United States, Georgi Zarubin.

**CLAIMS SHE'S "ALBINO INDIAN"**—Blonde and blue-eyed Yalamulankasitdanamutsa, self-styled "Indian" maid, is fingerprinted in Fort Worth, Tex., by a deputy sheriff in an effort to learn her true identity. Sheriff's office officials said the girl's story was "as phony as a three-dollar bill." The girl, who wants to be called "Kim," said she is a member of an albino Iroquois tribe from New York state and wanted to see a Texas "hoss ranch."

**AFL CONVENTION OPENS**—In New York Gov. Thomas E. Dewey, right, is greeted by American Federation of Labor President William Green at the opening of the 71st annual convention of the AFL. Delegates are expected to break a 71-year-old precedent by endorsing a presidential candidate. Green indicated that Gov. Adlai Stevenson would win the endorsement.

surveys on their farms. These surveys will be used by the farmers at a later date for making the capability map and basic farm plans.

Paul Topolovich of Columbus twp., has completed construction of a 1,000 foot outlet channel. The outlet will carry water from a road culvert across his field and empty into a creek. This will relieve a very wet condition, which has bothered him in the past, by keeping the water confined in the channel instead of spreading over his fields. Paul will be able to reclaim a lot of ground which has been too wet to work in the past.

A. J. Weiler of Yankees Bush road has completed a 1,100 foot diversion. This diversion will pick up water from his side-hill field the road ditch. The diversion will relieve a wet condition around the buildings.

Mike Kuzma has completed a 400 ft. diversion. The construction was done with the new power road grader of Columbus Township.

More and more farmers are using power graders for construction of their various drainage jobs. They are finding the graders can do a better job in less time and proving very economical.

D. P. Tysket on the Columbus-Bear Lake road has completed construction of a 400 foot outlet. This outlet will pick up water from a culvert and road ditch and carry in across his field and empty into a ditch along the railroad. He has also constructed an open drain in his pasture. By correcting this wet condition he will be able to improve that area of pasture. —See you all next week.

## Sugar Grove Drum And Fife Corps To March in Parades

Sugar Grove—The Fife and Drum Corps sponsored by the Sugar Grove American Legion Post, which appeared in its first parade last Friday, will also march at Westfield and Jamestown within a few weeks. Floyd Spradley has been training the children about four months and has more than 60 who will go by bus to the parades coming up. Many more are in the group and marched here Friday night. The Legion has purchased 12 drums and 50 fifes and will add to this later.

Much favorable comment has been heard on the work of the police of the Sugar Grove Volunteer Firemen during the Fair. The men directed traffic, policed grounds and helped with parking. Gene Anderson heads the group.

Mr. and Mrs. Scott Stuart, Jr., entertained Thursday evening the men who judged the parade and their wives, and parade drill masters, Howard Curtis and Stuart L. Andersen, also Donald Barrett, president of the local company. Mrs. Stuart was assisted in serving the smorgasbord by her mother, Mrs. C. L. Ekdahl.

Mr. and Mrs. V. O. Whitford, Saginaw, Mich., are spending two weeks with Mr. and Mrs. Walter Warner and Mr. and Mrs. Neil Scott.

Sunday guests of Mr. and Mrs. Ben Meyer and daughter, Patricia, were Mr. and Mrs. Harold Meyer and daughter, Phyllis, Ashville; Mr. and Mrs. Gaylord Collins and daughters, Mrs. William Hanson and daughter, Sue, Lakewood, N. Y.; Mr. and Mrs. William Lyon and children, Russell; Mr. and Mrs. Eli May, Erie; Mr. and Mrs. Henry Eckert, Clearwater Beach, Fla.; Mr. and Mrs. John Meyer and daughter, Phyllis Jean, Huntington, Ind.; and Victor Eckert, Wabash, Ind. The latter is spending two weeks with relatives in this vicinity.

Mr. and Mrs. Vernon Van Horn and daughter, Navarre, Kane, were weekend guests of their parents, Mr. and Mrs. Delmar Mickelson.

Mr. and Mrs. James Martin and daughter, Mary, Niagara Falls, Mr. and Mrs. Ray Seamans and son, Howard, Greensburg, were weekend guests of Mr. and Mrs. J. A. McIntosh.

Frank Devereaux, son of Mr. and Mrs. Merle Devereaux, received a broken collar bone when he was jostled against the school building by an older boy.

Weekend guests of Mr. and Mrs. Scott Stuart, Sr., were Mr. and Mrs. Robert Stuart and daughter, Becky Lou, Youngstown, O.; Elaine Lamberson and Cynthia McKay, Jamestown.

Mrs. Jessie Barlow and daughter, Mrs. Julius Eckert, attended a dinner party at the home of Mrs. Leo LaQuay at Celoron Tuesday. Other guests were Mrs. Frank Brown and Mrs. Belle LaQuay.

Genevieve Carr, Hollywood, Fla., has been a guest of Mrs. Catherine Carr while en route home from a visit in western states and Alaska. Mr. and Mrs. Charles Ziesler, Elderton, Pa., have been guests of their parents, Mr. and Mrs. John Bruce.

Robert Baldwin, Stuart L. Andersen, Scott Stuart, Jr., and Robert Stuart, Youngstown, were among those attending the Yankee-Indian ball game at Cleveland Sunday.

## OUT-OF-TOWN BUSINESS CALLS GO THROUGH FASTER WHEN YOU call by number

For the fastest possible service on out-of-town calls, place your calls by number whenever possible.

This way, the operator can get through directly to the telephone you want to reach... without detouring through information in the distant city. You reach your party faster, sometimes twice as fast. Your business is transacted sooner. And because the call takes less time, you help leave your own line open for incoming calls.

It pays to keep an up-to-date list of out-of-town numbers at your desk or switchboard.

### Personal calls, ditto!

You save time on personal calls to out-of-town points, too, when you call by number. Have you a Personal Telephone Directory in which you can jot down the out-of-town numbers you may want to reach? Our Business Office has a copy for you, without cost.

## W P L REPORTING

Comes Fall—and the drifting leaves as well as the classes drifting over from Beaty Junior High. It's an odd fact worth noting that it takes a longer time to come over to the library on a sunny day than on a rainy day. However, the students do get here and they seem to enjoy their library project.

It's too bad that so much attention is given to the misbehavior of a few teen-agers. In all the to-do about the problem children, adults sometimes forget that the majority of teen-agers are by nature and instinct decent, intelligent and even thoughtful.

Well—these are just some thoughts which have occurred to this librarian after a couple of weeks with the Beaty classes. And here are some more additions to the Memorial shelves:

The building and grounds committee reported on a number of repairs being currently made to fit in with the new building. The building contractor will soon be ready to grade and seed the lawns, and the Board discussed the matter of landscaping and planting around the new hospital building.

The House Committee was authorized to accept low bids for furniture for the lobby, and the board room, types of which had previously been approved by the Board.

Proposed revised hospital rules were distributed to members of the Board for consideration, to be acted upon at some later meeting.

The Hospital Board authorized a member to attend any meetings in connection with fluoridation of Warren water, that being a matter which concerns public health in the community.

Progress in construction of the new hospital lobby was inspected by the Board Members prior to the meeting.

"JEEP" HELICOPTER MAKES ITS BOW—This is the American Helicopter Company's radically new HX-26 helicopter, making its first public appearance at Torrance, Calif. The tiny aluminum craft, weighing less than 300 pounds, is powered by pulse-jet engines at the ends of its rotor blade. Designed for one-man military reconnaissance, the collapsible 'copter can carry more than its own weight at 80 miles per hour.

Sen. Nixon Is Defended by General

(From Page One)

Through his press secretary, James Hagerty, Eisenhower declined any comment on the Nixon matter.

The Republican National Committee in Washington today issued a statement by Sen. Karl E. Mundt of South Dakota, co-chairman of the GOP speakers' bureau, saying the incident was a "smear," and that those originating it and the methods used "are filthy and beneath contempt."

If this news was disappointing, however, the announcement of Gov. James F. Byrnes of South Carolina that he will vote for Eisenhower was heartening.

Byrnes said in a statement in Columbia, S. C., that he believes Eisenhower is the man best qualified to "clean up the mess in Washington" and to keep the country out of another world war.

Good Progress Being Made On Jackson Run Road

el in the road to create a firm base on which blacktopping is placed.

The road between Sugar Grove and East, the main route from Sugar Grove to Jamestown, has been widened from 16 to 20 feet and is now open to traffic. Mr. Love also stated that the base has been placed for .37 of a mile of paving in the Lindley Hollow area.

All the highway projects, except the Jackson Run job and including the oiling to Kinzua and Yankee Bush, are the work of the State Highway crews in Warren county.

PLANS FOR EXTENDING TURNPIKE PROGRESS

Harrisburg (P)—Construction of the first emergency landing air strip along the Pennsylvania Turnpike will be completed by the end of October, the State Department of Property and Supplies forecast today.

The strip, 3,000 feet long and 150 feet wide, is near Burnt Cabins, Pa., in Fulton County. It is the first of five planned along the toll road by the State Aeronautics Commission to air fliers in distress.

MOTORIST CLEARED

Pittsburgh (P)—An Erie County motorist has been cleared by a coroner's jury in the auto death of an elderly man. Freed in the death Sept. 1 of George A. Hoffman, 64, of Union City, was Robert S. Fusco of New Kensington. Fusco's auto struck Hoffman as he crossed the Pennsylvania Turnpike near the Monroeville Interchange.

OIL CITY ELECTION

Washington (P)—The National Labor Relations Board has ordered a collective bargaining election on or before Oct. 17 among maintenance and distribution employees of the Sterling Oil Division, Quaker State Oil Refining Corp., at Oil City, Pa. The division distributes finished products from Quaker State Refineries in Bradford, Oil City and Emlenton, Pa.

JACOBY ON BRIDGE

EXPERT WOULD HAVE MADE THIS HAND

BY OSWALD JACOBY

Written for NEA Service

"Is there any way for South to make four spades in the accompanying hand?" asks a Camden correspondent. "When we played the hand, South went down because of East's fine defense.

"West opened the deuce of diamonds, and East won with the king. East shifted to his singleton deuce of clubs, and the game was up. Declarer won and knocked out the ace of trumps, but East underled his ace of diamonds to let West win the second diamond trick. West won the second diamond trick. West then returned a club, and East's ruff defeated the contract.

"Can South make his contract

GRAHAM CAMPAIGN IS REPORTED IN THE LAD

Pittsburgh (P)—Driven out of Forbes Field by rain, Billy Graham and the Greater Pittsburgh Evangelistic Crusade moved into Hunt Armory for tonight's revival services.

Nearly 8,000 persons heard the evangelist preach last night on "Faith." The Rev. Frederick C. Fowler told the crowd that the executive committee of the crusade has a bank balance of only \$900 against current bills of more than \$5,000.

TREATED AT HOSPITAL

The emergency room at Warren General Hospital was a busy place about 10:00 a. m. today, when several individuals were brought in for treatment. Donald Hillard, East Hickory, was x-rayed and treated after he had caught his hand in an elevator door at New Process Company. Frank Smith, 301 Park street, required treatment for a laceration on his right index finger, injured while at work at the United Refinery; Mrs. Doris Mathis, 100 Jefferson avenue, had several fingers cut with a broken window pane. All were discharged after treatment.

DIES IN ERIF

Word is received here that Dr. Frank McKnight, well known Methodist pastor and Erie Conference figure, died at 12:30 a. m. today in Hamot Hospital in Erie. Having served pastorates in Westfield, Erie, Pleasantville and Franklin, he was superintendent of the Brookville District when he retired this past June because of ill health. He had been residing at Chedwell on Lake Chautauqua since his retirement. Services in his memory will be held at Kingsley church, Erie, of which he was a former pastor, at 2:30 p. m. Monday.

PUPPIES ABANDONED

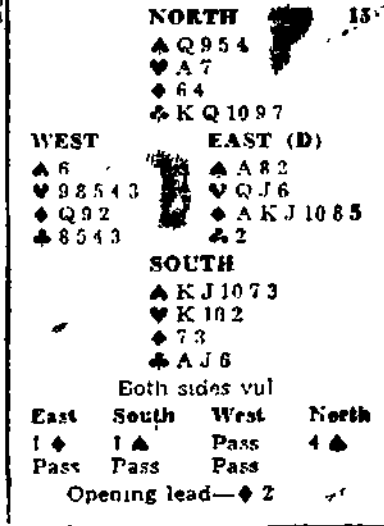

Peter Lucia, 904 Fourth avenue, while in the vicinity of Grunder Hollow, near the Girl Scout camp this morning, discovered four puppies abandoned in a box thrown into the brush. He is caring for them and hopes to find good homes for them. They appear to be a cross between beagle and spitz, and three of them are males. Any person interested in them may call 1809-J, or apply at the Lucia home.

by expert play? Would you say that East's defense was highly expert?

East's defense was magnificent, but South didn't rise to the heights. He should have made his contract, and in an all-expert game he might have made an extra trick.

South should naturally see the plot when East returns a club at the second trick. South should therefore plan to cash the top hearts and then lead the ten of hearts from the South hand, discarding dummy's remaining diamond.

If East is compelled to win this trick, he gets only a heart instead of a diamond, and therefore gains

nothing by the exchange. What's more, the diamond discard from the dummy prevents West from ever gaining the lead. West can therefore never lead a club for his partner to ruff.

When South begins by laying down the ace of hearts, a very expert East would see that his own plot had been discovered and would also understand South's plot. East would therefore begin to unblock by dropping the jack of hearts on dummy's ace. East would continue by dropping the queen of hearts on the second round of that suit.

East would hope that his partner had the ten of hearts, and would therefore be able to win the third round of that suit. If so, South's plot would fail.

Unfortunately for our expert East, the ten of hearts is in the South hand, and becomes established by East's hopeful unblock. South therefore cashes the ten of hearts to discard dummy's remaining diamond. Then it's a cinch to knock out the ace of spades and win the rest of the tricks.

The Newcomen or first engine, first made in 1705, was a predecessor of the steam engine which operated because of a vacuum created when steam was condensed rather than by the force of steam.

JOHN 7:16 - "My teaching is not mine, but his who sent me, if any man's will is to do his will, he shall know whether the teaching is from God or whether I am speaking on my own authority."

Christ went about shattering man's ego. He has always battled our personal pride. We insist that God make Himself known to us on our terms. We demand that God submit to the methodical examination of our scientific age. Man feels so powerful because he has conquered the elements of life. He seeks a similar feeling of power in trying to make God submit to such a critical analysis.

Jesus told the scribes that personal surrender was the means by which man came to know God. To know Him in mind and will, one must will to do His will even before he knows what it is. This is a favorite verse because it hits the center of my sin and that of society. Such unequivocal surrender guarantees a degree of personal humility. In such humility one finds the will of God for his life.

### Southern Cal and Washington State License Fees Asked In Opener Tonight By State Sportsmen

By WILL GRIMSLEY  
New York (P)—Southern California and Washington State, two West Coast powers with open Rose Bowl ambitions, collide in Los Angeles tonight to set off a burst of activity officially launching the college football season.

Before the week end is spent, four of the top 10 teams in the Associated Press' pre-season poll—Maryland, Georgia Tech, California and Texas Christian—will have tested their biceps against respected opposition.

Other football activity tonight is a bit on the light side with Alabama playing host to Mississippi Southern and Mississippi engaging Memphis State. Alabama and Ole Miss are heavily favored.

Saturday's headliner is the intersectional battle between Texas Christian, a hot favorite for the Southwest championship selected ninth in the pre-season poll, and Kansas, a strong contender to uproot Oklahoma's dynasty in the Missouri Valley.

The game at Lawrence, Kan. will be the first of the season to be televised on a national hookup under the NCAA restricted TV program.

Maryland, the Southern Conference stepchild which was suspended a year after accepting the Sugar Bowl bid, takes its No. 2 pre-season rating behind Michigan State against Missouri at Columbia. Georgia Tech, No. 3 is host to The Citadel. California, No. 4, entertains a strong West Coast independent, College of the Pacific.

Harrisburg (P)—Sportsmen's clubs of Central Pennsylvania today asked the State Federation of Sportsmen's Clubs to press for higher fishing license fees.

The suggestion was made in a resolution up for action at the federation's two-day annual meeting opening here today. Delegates from clubs in some 60 counties are attending the convention.

S. Dale Furst of Williamsport, president of the federation which has almost 200,000 members in 1,950 affiliated clubs, presided at a session of the federation's board of directors.

The suggested resolution on fishing license fees presents three reasons to support higher fees. They are "insufficient funds to: 1 increase the number of fish wardens; 2 meet expenses incurred in distribution and enforcement problems; 3 increase propagation and distribution of fish."

Fishing licenses for residents of Pennsylvania now cost two dollars a year.

Two other resolutions up for action concern the state's clean streams program. One would urge "further pressure" on municipalities in the Juniata Valley watershed to bring about the elimination of industrial waste in streams of that area.

The other would ask the state to press for the cleaning of the Coon Creek and Tom's Run in Forest County.
